PRO

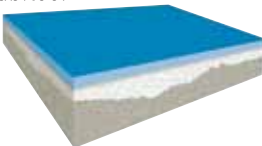

TEXTLINE FEATURES AND BENEFITS

SAVE TIME AND MONEY

Textline can be laid directly, without adhesives, over existing floors and on uneven surfaces to save time and eliminate hidden costs. Textline's unique composition means that it can be laid in a range of ways over a variety of subfloors of unlimited area*.

Textline floor covering before installation on uneven subfloor.

Textline after installation. The surface remains smooth whilst its textile backing absorbs irregularities.

WARM AND COMFORTABLE

Textline's soft, absorbent backing insulates against cold, bringing warmth and comfort to your home.

ENVIRONMENTALLY FRIENDLY

ACOUSTIC COMFORT

Textline effectively reduces noise bringing quiet comfort to your home. Ideal for apartments, flats or corridors and re-covering hard and noisy floors.

EASY TO CLEAN

The superior surface treatments create a barrier to prevent dust and dirt from getting trapped, allowing for an easy maintenance regime.

TOUGH AND DURABLE

Textline is protected by the latest scuff, scratch and stain resistant surface treatments making it suitable for high traffic areas.

WATERPROOF FROM ABOVE AND BELOW

The anti-mildew and waterproof membrane prevents the transfer of mould to the surface, ideal for wet areas and damp concrete floors.

INSTALLATION

Textline's unique composition means that it can be laid in a range of ways over a variety of subfloors of unlimited area**.

Textline can be installed:

- Using conventional methods with adhesive
- Using double sided tape for semi-permanent installations
- Loose laid
- Using the patented Textline tape installation system for flexibility: adjustments during installation, easy removal of floor during redecoration, or update floor with the latest colours and designs.

Textline can be installed directly over different types of subfloors**:

- Wooden floorboards
- Ceramic tiles
- Over a concrete surface

MAINTENANCE

- For regular maintenance use a vacuum cleaner, a soft broom or a damp mop
- To clean Textline use a neutral floor cleaning detergent with water and rinse thoroughly
- Most stains can be removed using a damp cloth with Eucalyptus Oil. Do not use solvents or ammonia based cleaners
- To keep your Textline floor looking beautiful do not put waxed or rubber products in prolonged contact with your floor. Replace wax or rubber castors on the end of furniture legs with plastic or nylon ends or protect the floor with felt pads

*GUARANTEE

All Gerflor floorings are covered by a conditional guarantee. In the unlikely event of a manufacturing defect, the guarantee applies only to Gerflor flooring sold as first quality and used domestically. Installation should be carried out in accordance with Australian Standards and Gerflor's installation instructions. Details of guarantee and installation instructions can be obtained by contacting Gerflor Customer Service.

**Provided there is no height variation and irregularities, joints or gaps don't exceed 3mm width and 2mm depth. In certain instances a smoothing compound or boarding may be required to obtain a satisfactory finish. Best results will be enjoyed by using a trained installer and following Gerflor's installation instructions.

The Gerflor flooring range also features low cost solutions for home builders and renovators looking for roll vinyl products that can be glued or loose laid to prepared subfloors.

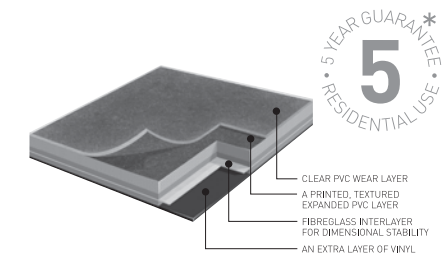

PRIMETEX

Fabulous colours and designs are available in the Gerflor Primetex range of flooring that can be glued or loose laid onto a prepared subfloor. These low cost products feature a heavy duty wear layer that will withstand high traffic and resist scratching.

ADAGIO

Find all the enduring favorites including classic black and white tile designs and rich parquetry looks in the popular Adagio range. These entry level products can be glued or loose laid to a prepared subfloor for an economical floor makeover.
